## Customer Reviews

I got this for my husband to study for his naturalization interview. I think it may be a good book used in conjunction with a class, but for studying on one's own I suspect there are better books out there. The format is a little confusing--it does a little civics/history study, then has a short section on filling out the N-400 and has a corresponding sample interview section, then goes back to civics/history and then to the N-400 again, etc. I did find the book & DVD helpful because we could see and read practice interviews, but I think the same thing can be gotten for cheaper in another book.

If u r in need to prepare yourself or some family or friend for the citizenship test or just want to learn more about the country history, this is an excellent tool, a must have for all the new citizens of this great country.

This is a great book if you are an immigrant trying to get your US Citizenship. My wife (filipino) used this book for 3 months and she passed the citizenship interview on her first try. Her interviewer said

that he was quite impressed with her knowledge of the US government. Well worth the price, whatever that is.

I brought this book a while ago and I am very happy that I choose this one. The shipping was fast and the book was just it supposed to be.

Arrived super fast, exactly as described. But no other information because I don't use it. Thanks for the great service.

Excellent. Thks.
