Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (12 customer reviews)

Best Sellers Rank: #57,498 in Books (See Top 100 in Books) #17 in [Books > Education & Teaching > Test Preparation > College & High School > Regents](#) #102 in [Books > Education & Teaching > Studying & Workbooks > Study Skills](#) #290 in [Books > Education & Teaching > Studying & Workbooks > Study Guides](#)

Customer Reviews

I'm very bad in history and to top it off I had the worst U.S History teacher my freshman year. She was the worst history teacher ever. No one ever did her work and she gave out easy grades. She barely taught anything and I was really worried that I was going to fail the regents. So a week before the regents I went and bought this book. I studied a lot of the questions and reviewed the ones that I didn't understand too well. One week wasn't enough for me to learn everything, but I learned a lot. I ended up getting an 80 on the regents. Although it is the lowest out of all the regents I've taken, I was very happy I passed! Definitely recommend this book.

The Barron' series is the granddaddy of regent review books. It gives you five complete regents. Most important, it goes over every answer to every question, meaning, it not only explains the correct answer, but it also explains why the other 3 choices were wrong. It also reviews both the thematic essays and the DBQ questions and essays. review five regents and you are all set!

this gives you a general synopsis of all you're going to need with practice, questions, and explanations to answers - I am a teacher and found it so very useful - GET ONE - YOU'D BE CRAZY NOT TO!

This review book, as do all of the Red books by Barron's, offers good practice for those who know the curriculum and need to reinforce learning or who need to re-remember information after the AP Exam. However, explanations are weak and those looking for a comprehensive book that will supplement slightly lacking knowledge, should look elsewhere.

Book came in time for my son's Regents exams he had to take (this was number two of three). He passed them all. He attributed the Barron's book to helping him a great deal.

Daughter studies these books and takes as many practice tests as she can. She's done very well on all the Regents exams. These books are very helpful.

I used this book to help a student preparing for his GED. I've found to be a great review for myself as a tutor.

Amazing Definitely Helped It's a Must buy
