## Customer Reviews

Without a doubt, this will be my new go-to gift for new parents. It has a great selection of nursery rhymes reconfigured for those with a baby, pairing cocktails with scenarios new parents will experience. Add in a bunch of fun word play and puns, adorable old-school Golden-book inspired illustrations and a board book format and it will be the hit at every party I bring it to.

tim is a wordsmith, and this book continues his successful tour of Broadway and the world of cocktails. His Nate books tell of his semi-autobiographical road to Broadway. The first cocktail book uses a literary motif to give the preparation directions as well as a brief description of the drink. Hickory

daiquiri dock continues in the same tradition but using nursery rhymes and some of his favorite childhood stories to tell his tale. recommended for folks who enjoy clever wordplay with their alcohol.

I got two copies of this book to send to my daughters-in-law. One has twin 3 yr. old boys and a one year old daughter. The other has a three year old daughter, but also works. The rhymes are fun and reading them without drinking may help them laugh at the end of busy, selfless days.

I was already a huge fan of Federle's Tequila Mockingbird when I came across this funny, super punny and beautifully illustrated cocktail book! Have already bought it for my new-mom friends and will continue to do so in the future. Requesting a cocktail book for dog lovers next!!

What an adorable children's book for adults. My husband and I are waiting on our first child together and I bought this for him as a gift from the baby. Each page has a cute alcohol adapted version of a nursery rhyme with a cocktail recipe on the side of the page. I am looking forward to making a few of these and enjoying them while we read these to our baby boy to be born in the fall. I am sure they actual nursery rhymes will be a hit - moist kids don't understand them anyways! Such a smart idea for fun parents.

Big hit with new parents!!! Feels like a baby book with thick card pages, looks like a baby book with classic nursery rhyme drawings...but look a little closer and bam! Big smiles, laughter, and definitely not a gift for baby! I bought 4 at a time.. So glad I did!

SUCH a fun book and a great gift! Funny, cute, clever, not cheesy. Buy a bunch and give it as a gift when you're in a pinch.

Bought this as a Christmas present for my sister-in-law who likes silly things and booze. She love it!
