## Customer Reviews

During my separation with my ex-husband he purchased these books for me. He said they were a good read, and considering he's not a reader I couldn't wait to begin one of them! There are three in this set, and they are all related to each other. In The Mastery of Love, the author repeats over and over that love is the only thing that can provide happiness. The Toltecs believe everything is made of love. The only way to master love is to practice love. It all revolves around us as an individual. In the book The Four Agreements there are four rules to live by: Be impeccable with your word, don't take anything personally, don't make assumptions, and finally, always do your best. Each of these is detailed in separate chapters, and he notes that if we make these become habits that we practice on a daily basis, our lives will be richer. In the book The Voice of Knowledge, he takes us back to when we were little; before we even acquired a language. We were pure before learning to talk and to understand spoken words. However, once we learn how to speak and to put meaning behind

words, then we become contaminated with knowledge that is riddled with lies. This book suggests that we go back to the way we were before language poisoned our perceptions of ourself and helps us to find that inner peace that we all strive for but not all are fortunate to find. Amazing! So Much Personal Power in such a small Book! Easy read and Makes you Think! I've only read the first two books so far but they showed up at a time of upheaval in my life. Who doesn't ever have That? Whether your life is in flux or no, This is a Must Read for Change.

The trilogy of writings are so profound! Knowing anyone who is lead to Don Miguel Ruiz's wisdom will be truly blessed. My favorite part is found at the end of his first master piece, *The Four Agreements*, pg.134, *The Prayer for Love*. Every time I read it, I find myself in a Holy Moment. Thank you and enjoy your blessing. Also try this book by Gregg Braden *Secrets of the Lost Mode of Prayer: The Hidden Power of Beauty, Blessings, Wisdom, and*

This is a must have for anyone that is at a crossroad in their life. It is life changing! This is a great way to live you're life. If you are lost spiritually this book is a great answer, especially for someone that tends to lean towards reason. I LOVE IT! I work in treatment and recommend it to everyone I meet that is struggling to find spirituality. Remember Spirituality is different than Religion!

Don Miguel Ruiz's Toltec wisdom is very akin to our own sense of wisdom and common sense. It is reassuring to know that we already have this wisdom stored within us.... yet these books give us in a subtle way a new space, a new perspective to contemplate our lives, and our roles in the universe, our connection giving us faith in our deep human values.

This books are very inspiring and I definitely recommend the collection that includes *The Four Agreements*, *The Mastery Of Love* and *The Voice Of Knowledge* they are all amazing books by a great author Don Miguel Ruiz that is simply inspirational. I love that they come in a case and have durable covers plus I got them at a good price which was great.

This book changed my life, and way of thinking. It just makes so much sense, but I've never thought that way before. No matter what your beliefs or religion, this book is a must!
