Tales Of Soldiers And Civilians: And Other Stories (Penguin Classics)

Synopsis

Questing after Pancho Villa's revolutionary forces, Ambrose Bierce rode into Mexico in 1913 and was never seen again. He left behind him the Devil's Dictionary and a remarkable body of short fiction. This new collection gathers some of Bierce's finest stories, including the celebrated Civil War fictions 'An Occurrence at Owl Creek Bridge' and 'Chickamauga', his macabre masterpieces, and his tales of supernatural horror. Reminiscent of Poe, these stories are marked by a sardonic humour and a realistic study of tense emotional states. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Customer Reviews

I always wanted to get around to reading Ambrose Bierce. Known as an iconoclast and an excellent satirist, Bierce is best known for his Devil's Dictionary. He's also known for the disappearing act he pulled in Mexico in 1913. I decided to give this short anthology a chance. If I liked his stories, I figured I'd buy some more of his writings. I will be reading more of his writings. The recent movie The Blair Witch Project has brought scary stories back into vogue. After reading this book, I

realized you can make a direct connection from this film to Ambrose Bierce. The connection would pass through Stephen King and H.P.Lovecraft along the way. I've seen things in both of these writers that could have been lifted directly out of one of Bierce's stories. In Bierce's story, "The Damned Thing", with its talk about colors that can and can't be seen, I could have sworn I was reading Lovecraft. Bierce is a master at quick twists and shocking violence, and delivers scares fast and furious. I got chills with several of these short stories, which certainly makes for good horror reading. The book gives the reader a sample of Bierce's short stories. Most of the stories are tied around American Civil War themes, which is no surprise as Bierce served in the Union army during that conflict. His experiences gave him the necessary frame of reference to write these dark stories. And when I say dark, I mean DARK! Some of these tales will make your jaw drop. The violence in them is extremely unsettling. Chickamauga and Oil of Dog are sickening, describing blown open heads and dead babies in graphic detail. Did I mention Bierce's prose? Some of the best you'll read.
