Castles, Customs, And Kings: True Tales By English Historical Fiction Authors

Synopsis

A compilation of essays from the English Historical Fiction Authors blog, this book provides a wealth of historical information from Roman Britain to early 20th-century England. Over 50 different authors share hundreds of real life stories and tantalizing tidbits discovered while doing research for their own historical novels. From Queen Boadicea's revolt to Tudor ladies-in-waiting, from Regency dining and dress to Victorian crime and technology, immerse yourself in the lore of Great Britain. Listen to the history behind the fiction and discover the true tales surrounding England's castles, customs, and kings.

Best Sellers Rank: #55 in Books > History > Historical Study & Educational Resources > Essays
#274 in Books > Audible Audiobooks > History > Europe #1140 in Books > History > Europe > Great Britain

Customer Reviews

Castles, Customs and Kings by Debra Brown Author, Editor I received a copy of this book in return for an honest review. That being said....It is not a typical novel. But it kept my attention as a novel would. I read all 548 pages taking a minimal number of breaks. It kept my attention throughout. I love history. I always have. If I read and a person, place or event is referenced, I have a need to find more about it. It creates a need for me to look for more reading material about it. This book did just that for me. If I had had books similar in nature to this one when writing papers for school, I would have begun my research there. The book is in 9 parts. There are nine sections: Starting at about 55BC and continuing chronologically to the Twentieth Century. 1. Roman Britain and Early Medieval Period (55 BC - AD 1000) 2. Late Medieval Period (1001-1485) 3. Tudor Period (1485-1603) 4. Stuart Period (1603-1714) 5. Early Georgian Period (1715-1800) 6. Late Georgian and Regency Era (1800-1837) 7. Victorian Era (1837-1901) 8. Twentieth Century 9. Historical Tidbits Across the Ages

includes historical events told as accurately as possible after all history can be a bit illusive when you cover that large a span of time, going back that far. It tells the stories of people and places. It covers political issues as well as religious ones. You learn about everyday life, clothing food and so much more. It includes references including the authors whose work was researched numbering over 50. You will even find the titles of other works they have done. I decided early on in my time reading this that I had to have an actual physical copy.
