In The Hands Of Providence: Joshua L. Chamberlain And The American Civil War

Synopsis

Deserve[s] a place on every Civil War bookshelf.--New York Times Book Review "[Trulock] brings her subject alive and escorts him through a brilliant career. One can easily say that the definitive work on Joshua Chamberlain has now been done.--James Robertson, Richmond Times-Dispatch"An example of history as it should be written. The author combines exhaustive research with an engaging prose style to produce a compelling narrative which will interest scholars and Civil War buffs alike.--Journal of Military History"A solid biography. . . . It does full justice to an astonishing life.--Library Journal This remarkable biography traces the life and times of Joshua L. Chamberlain, the professor-turned-soldier who led the Twentieth Maine Regiment to glory at Gettysburg, earned a battlefield promotion to brigadier general from Ulysses S. Grant at Petersburg, and was wounded six times during the course of the Civil War. Chosen to accept the formal Confederate surrender at Appomattox, Chamberlain endeared himself to succeeding generations with his unforgettable salutation of Robert E. Lee's vanquished army. After the war, he went on to serve four terms as governor of his home state of Maine and later became president of Bowdoin College. He wrote prolifically about the war, including *The Passing of the Armies*, a classic account of the final campaign of the Army of the Potomac.

Book Information

Hardcover: 569 pages

Customer Reviews

"In the Hands of Providence" is a masterful biography of Joshua Lawrence Chamberlain, one of the great Americans of the nineteenth century, and certainly one of the most heroic and hardest fighting

U.S. Army officers of all time. The author, the late Alice Rains Trulock, presents a well researched, meticulously documented, and detailed portrait of this brilliant and courageous man. Trulock traces Chamberlain's early life and career - first, as a student, and later as Professor of Rhetoric (and other subjects) at Bowdoin College in Brunswick, Maine. Chamberlain's military career - his rise from command of the 20th Maine to general officer rank in the Union army, and his outstanding leadership and valor during some of the fiercest and bloodiest battles of the Civil War, including Fredericksburg, Gettysburg, Petersburg, and Five Forks - is then chronicled with some of Trulock's liveliest and most exciting prose. (Chamberlain, of course, is best known for his actions as Colonel of the 20th Maine Volunteers at the Battle of Gettysburg. Here Trulock describes in detail the events of July 2, 1863, when he led his 380-man regiment in its successful defense of Little Round Top, thereby saving the Union army from a crushing defeat, and ensuring his own place in the pantheon of American military heroes.) Trulock also details Chamberlain's post-Civil War career as Governor of Maine (1867-1871); President of Bowdoin College (1871-1883); and unsuccessful businessman. In addition to providing obviously well researched and superbly written descriptions of Chamberlain's military, political and business accomplishments, "In the Hands of Providence" also gives the reader a balanced and objective look at Chamberlain's personal life.

In the Hands of Providence is a very well researched look of the life of Joshua Lawrence Chamberlain. Alice Turlock presents a definitive biography of this modest professor from Bowden College, who met challenge after challenge to become one of the greatest leaders in Civil War history. Chamberlain had extraordinary observational and superb writing skills. His persistence at recording the historic events, which included his emotional reactions, gave Trulock's wonderful historic accounts for her book. The book starts by giving us an in depth look at his obscure Christian upbringing in rural Maine, and follows his processes of becoming a great young man. He was an exceptional college student, receiving the praise of his instructors. He was also highly regarded by his neighbors and towns' folk alike. Many considered him to have the highest moral and ethical standard. He was so trusted and respected as a young man in his home town that an older business man of Maine, who was an acquaintance of Chamberlain's, entrusted him with the dealings of his estate. While finishing his studies at Bowden, Chamberlain married his sweetheart Frances Caroline Adams. They had a very close and loving relationship. But during the war, the constant distance between them put a great deal of strain on their relationship. After graduation, he accepted a position as a professor at Bowden, and held that position for several years. Chamberlain maintained a very close relationship with his family, and he was especially close to his father in law

George Adams. When the war broke out in 1861, Chamberlain ask for a leave of absence from Bowden to enlist, but was turned down. Not to be left out of the war, he again applied for a sabbatical to study in Europe, and this time it was granted.
