this little book is a hidden treasure!! I know, for I spent most of my life growing up in the islands. hawaii is a place unique in the sense that the spirit and the beauty can actually be captured by the words in the language...I highly recommend these priceless pages of fun and enjoyment. if for no other reason than to learn a new word to describe something...the language is sweet, the words simple, and "the new pocket hawaiian dictionary" no ka oi! mahalo to the authors!!!!

This pocket dictionary is a real treasure, especially when you are a tourist. Here you can find everything you need for every situation. For the first time you can feel like you know what are you talking about in a language which isn't your mother tongue. In a short time you can learn all the words you need for a basic communication and even more. I can only say that you have to have this book, even if you don't plan to go to Hawaii. After reading and learning from this dictionary you will want to speak Hawaiian all the time. What to say - cool!

This book has around 11,000 words with adequate definitions. I like the fact that the people that compiled this dictionary included names and even a guide to assist in pronunciation. This book is not an exhaustive research on the Hawaiian language; but will greatly assist in research; Two

Bears. Aloha nui loa (I love you very much).

This book has really helped improve my Hawaiian and is a lot of fun if you love learning new languages especially one as beautiful as the Hawaiian language! Thanks for selling such a great book! Anyone planning a Hawaiian vacation needs this book!

I purchased this book before we went to Hawaii on vacation. It wasn't really necessary since they all speak pretty much the same as on the mainland, but it was fun to look up the written words like "Kane" which is MEN as in men's restroom!

... forward for all those persons who really want to dive fully into the Hawai'ian language. The Illustrated Hawaiian Dictionary is a very fine tool for the beginners, but for people really learning Hawai'ian with the help of - for example - Learn Hawaiian at Home [With 2 CD's] a more refined and detailed Dictionary is essential. This Pocket Dictionary by the late Mary Kawena Pukui, Samuel H. Elbert et al. is the shorter edition of the Great Hawai'ian Dictionary - THE standard work of reference for the Hawai'ian language. But Hawai'ian Dictionary: Hawai'ian-English and English-Hawai'ian is a bit heavy to take it on a journey to the wonderful Islands in the Sun. So this Pocket Dictionary with 10,800 entries, a short but helpful grammar and the given names translated from (mostly) English to Hawai'ian is more than enough to distinguish loud and clear between "miki and wiki and 'ono" for example... And it really doesn't cost a fortune. I am more than happy to take this book with me, whenever I travel to my beloved Kona-Coast! A full 5-Star-book!

Everything that I expected in a pocket Hawaiian-English Dictionary. Has many words to look up and nice size to fit in purse or bag. A great buy if you're looking for a Hawaiian Pocket size Dictionary.
