The Grumpy Guide To Life: Observations From Grumpy Cat

Synopsis

In a world filled with inspirational know-it-alls and quotable blowhards, only one figure is indifferent enough to tell the cranky truth: Grumpy Cat. Following the success of her New York Times bestselling debut, everyone's favorite disgruntled feline is back with this demotivational guide to everyday life, love, friendship, and more. Featuring many new photos of Grumpy Cat's famous frown and packed with uninspiring observations, The Grumpy Guide to Life will help anyone get in touch with their inner grouch.

The Grump strikes again. The captions are funny & the pictures are great. GC knows how to deal with the ups and downs of your miserable human life. (--: Keep Calm and just say NO. I enjoyed every grumpy page.

Pictures and quick one liners guide us through Grumpy Cat's advice guide. While not as funny as the first book, some observations may be considered overdone or even a tad depressing, the book continues the spirit of grumpiness. Overall, a cute read.

This is a great gift for a cat lover! It's very funny and entertaining. It's a book that you pick up when you want to relax, let your mind go blank, and enjoy doing nothing. My wife enjoyed reading through it before we gifted it, and thoroughly enjoyed skimming through it...and she's more of a dog person! The quality of the book is excellent! I have no idea why someone would their money purchasing the

kindle version. The cover is like a matted picture frame...3D. The construction of the book is very artfully done. A really good purchase!

Bought a couple of this, one as a gift.it's loads of fun for kids, teens and adults.it's a quick read , it's a small, coffee table book.If you love Grumpy Cat or have a little one that does, get it.

Bought this for my 21-year old grand nephew, who loved it, too. If you know cats, this is one tough cookie, but entirely in character for the felines I've known. Very few were sweet natured, loving creatures the way the dogs I've had were.

It's just awesome ! If you love grumpy cat, his grumpiness or his catness this is almost a MUST :) ~
It's really funny, with some nice pictures of grumpy cat, great funny sayings \ quotes and it can really brighten up your day :D
Only thing good to know before buying - its small (like half an A4) so just good to know cause you could get a wrong impression. the size\length is the only reason I took off a star.

Well done my Grumpy girl!! This little hard bound book has lovely photos, wry wit and overall nicely constructed.Too bad it was printed in China rather than the US but the quality is top notch.

This was a very funny book I even enjoyed it on my b&w kindle was a little hard to read but was still as entertaining! I bought this book because I love grumpy cat and his memes! Will be purchasing more grumpy cat books in the future!
