The Torah Commentary Of Rabbi Shlomo Carlebach: Genesis, Part II

Synopsis

Revealing an often unknown, scholarly side of the beloved and renowned late composer and musician Rabbi Shlomo Carlebach, this fascinating commentary on the book of Genesis provides a glimpse of the unique way in which he received and transmitted Torah. Readers will learn about figures such as Abraham, Sara, Isaac, Rebekah, and Jacob in a wholly new, more intimate way. Rabbi Carlebach's teachings on the final six sections of the book of Genesis presented in this book are intended as a practical lesson in living a holy life.

Customer Reviews

What a wonderful read this has been thus far. Rabbi Carlebach brings a level of heart and soul and love to our Jewish writings, which is very complementary to the usual academic assessments of most of our sages, past and present. I wish I could have met the man. And the book was delivered in great condition and in a very timely manner.

Oy. We miss Rav Shlomo. As someone who served as Shlomo's assistant rabbi in his shul, I can say that these words seem so real, so much like Rav Shlomo himself. They capture his warmth, wisdom and genius. Thank you

Many books and compilations of 'Shlomo stories' and teachings have been published before. But this set, edited primarily by R. Shlomo Katz, is the first time Shlomo Carlebach books belong on my

'sifrei kodesh' ('holy books') shelf. I've listened to the audio of many of Rav Carlebach teachings and concerts, and there was a quality of his teaching that was so emphatically and powerfully in the present, in such strong and intimate and immediate and compassionate relationship to his audience, that transcribing or otherwise putting his wisdom on the page (before this set) always left something out, failed to communicate the impact, wholeness, and integrity of his words. If you have curiosity about Jewish wisdom, and especially if you're interested in this particular rabbi (whose transformative impact on the whole Jewish world in the 20th century is only just beginning to sink in, even if you haven't heard his name, you've heard his songs...) this set is without parallel.

Recommend!!

This is a marvelous book of Torah and it feels like I am sitting with Reb Shlomo again. Clearly a ton of effort was put into making this book. Thank you!
