# The Real Name Of God: Embracing The Full Essence Of The Divine

## Synopsis

Reveals the real, whole name of God and its place within each of us • Explains how none of the God-names commonly used in the Bible is God's real name • Shows how the real name of God unites all religions from both West and East • Includes spiritual techniques, prayers, poems, and meditative chants to bring each of us into deep, personal, intimate, living relationship with God

Of the many names of God commonly used in the Bible and other sacred literature, none is God's real name. Every God-name, including YHWH, reflects only one of God's many aspects, such as the loving creator, the militaristic authoritarian, or the all-knowing judge. None embodies the wholeness, the totality, the full Essence of God. Who then are we to speak to when we seek God? If you can't truly know something until you know its name, how can we truly know God? The culmination of years of translation research and etymological investigation, Rabbi Wayne Dosick's work digs through many layers of presumption and deeply ingrained beliefs to reveal the real name of God hiding in plain sight in the Bible: Anochi. He shows how this sacred name unites all religions--both of the West and the East. The name Anochi enables us to finally meet the whole, complete, real God--both the grand God of the vast universe and the God of breath, soul, and heart who dwells within each of us. This in-depth exploration of God's name includes spiritual techniques, poems, guided prayers, and meditative chants to bring each of us into personal, intimate, and purposeful relationship with God. By knowing the real name of God, we can affirm the connection to the Divine at the core of our being. We can touch the face of God that resides deep within us all.

## Book Information

Hardcover: 224 pages

Publisher: Inner Traditions (May 29, 2012)

## Customer Reviews

I have watched for decades for an explanation that would make sense of the numerous references to God. I heard from religious teachers, parents, read various bibles, and heard self proclaimed religious experts all fumble this important point. Some ducked under cover of answering with YHWH, the unknowable or unpronounceable name of God. Others said that God's name is different in each language. Some tried deception and said that God had thousands of names, take your pick, they were all the same in meaning. And yet I did not hear the complete truth in anything that any of them said. I wondered why some expert didn't study the ancient writings and determine how the ancients referred to God in all the different manners. Was it so impossible to translate the Aramaic into modern English? Well, someone finally did and here it is. Finally, the mystery is satisfactorily solved and a lot more. "The Real Name of God" delivers the hierarchical background to the office of God on Earth, sensible translations of the discussion between Pharaoh and Moses in the Jewish Bible, and how to find the God within you. Appropriate prayers in the name of the one God finish up the book. It's a short 200 page read, and well worth the price if you want to settle this long standing mystery about the names of God.

I have had a Near-Death Experience and went on to research the experience at UConn Medical School. What I experienced and what the 100s that we interviewed experienced is in alignment with this well written book. Rabbi Dosick explains in a beautiful way about how IT is all one God. My heart was so filled by his explanations that I had to buy the CD too. All together this is a spiritual experience that excludes no one! And fills the reader/listener with what near-death experiencers are trying to tell us. God is always God and the action of God is Unconditional Love. So when we live Unconditional Love we are in touch with the God in us! Hard to explain but Everywhere and in everyone. This book comes as close as I have read, to explain the Oneness and Love that is God.

Rabbi Dosick's research leads him to discover the name of the all-loving and all encompassing God. This discovery shifts the focus from a hierarchical notion of the Divine to an intimate, mystical awareness of Love itself. As the book draws to a close, readers are left with the hope that Rabbi Dosick's discovery might provide a doorway through which Jews, Christians and Muslims might walk -- together. One God, one people.

"THE REAL NAME OF GOD" by Rabbi Wayne Dosick is a real gift. The author brings his many years of experience as a Rabbi and university professor to guide us on a journey that is both

scholarly and heartfelt. His ideas and concepts are clearly explained, making the book very easy to read and understand. By providing us with the Real Name of God, Rabbi Dosick opens us up to experience God in all facets of life. A brilliant writer, he creatively enlightens us with profound truth. There are beautiful chants, meditations and teachings on the CD ( available on the website: ([...]) that enhance and deepen the experience. As I read the book and listen to the CD, I am always transformed and inspired by its wisdom, becoming more conscious of bringing God into the everyday experiences in my life. I highly recommend "THE REAL NAME OF GOD". It has touched my heart and soul and helps me be and live a more God-centered life.

Judaism recognizes so many different names of God, it's hard to keep them all straight. The author makes a great case for the one true name of God.

The real name of God is always debated among the world's religions. YHWH, is one. Allah is another. God, of course, is one. But what is the real one? Rabbi Wayne Dosick's studies presumptions, beliefs, tangible items, and tries to come up with the one name that is acceptable. What he finds is that Anochi is the sacred name that unites all religions - East and West. But, how? Well, read the title! Spiritual techniques, poems, and guided prayers are included in Dosick's study enter the relationship with God that people treasure to refrain from offending anyone in coming up with one acceptable name. He argues that by knowing the real name of God, we can strengthen the ties and connections we all strive for. But, what does each religion say? Well, do your own research. Dosick has given us something, at least. Ralph Dosick, Ph.D is a Rabbi in San Diego and a former faculty member of the University of San Diego. Although the title may read like a mystery novel, Dosick maintains that his conclusions are in plain view and is the "source of life". So, whatever you call Him, Dosick will give you something to think about - and it's worthwhile.
