Death Be Not Proud (P.S.)

Synopsis

Johnny Gunther was only seventeen years old when he died of a brain tumor. During the months of his illness, everyone near him was unforgettably impressed by his level-headed courage, his wit and quiet friendliness, and, above all, his unfaltering patience through times of despair. This deeply moving book is a father's memoir of a brave, intelligent, and spirited boy.

Adrienne Guidry Mrs. Smith American Lit/6th 14 May 2001 Book Review In John Gunther's *Death Be Not Proud* he gives the detailed father's point of view of his son's struggle to live. His son Johnny is diagnosed with a brain tumor at the age of sixteen and has a very small chance of living to see his next birthday. While Gunther tries to be objective throughout the book his pain shows through quite often as he depicts the horror and pain that his son had to endure. Gunther mainly centers around his son, and his strong will to live and his study of everything. His son loves to learn he was constantly, even when very ill diligently working on his schoolwork. He always wanted to know more, and then the more he knew he only wanted to know more. The book is a memoir of his trials during his son's illness. While he and his wife try to be strong for their son, Gunther is adamant in stating that his wife was the glue that held the family together. He constantly gives her more credit than anyone in making Johnny's last months peaceful and full of life. The sheer audacity that is shown by Johnny when he is faced by death is amazing to me. I really consider the strength shown

by this family to make this book worth reading. Just to see the way this family came together and loved one another in the worst of time is amazing to me. I found it very comforting to know that even though horrible things do happen someone was strong enough to let the rest of the world know that life goes on. The world does not end and the person who is ill can only go to a better place. I think that throughout the book Gunther foreshadows his son's death with the comments he makes. He may not conceal it like some other authors but the message still gets sent loud and clear.
