# The Qur'an: A Translation

## Synopsis

This English translation of the Qur'an is a compilation of the Muslim faith's Final Revelation from God to mankind through the last Prophet Muhammad, Peace be upon Him. The Qur'an has a wealth of information--both worldly wisdom and intellectual concepts--providing a code of life for humankind generally and Muslims in particular. Indeed, the Qur'an's miracle lies in its ability to offer something to non-believers and everything to believers. This edition is fully indexed.

## Book Information

Mass Market Paperback: 466 pages

Publisher: Tahrike Tarsile Qur'an; 25 edition (November 13, 2001)

Language: English

ISBN-10: 1879402297

ISBN-13: 978-1879402294

Product Dimensions: 6.9 x 4.1 x 1.1 inches

Shipping Weight: 2.4 ounces (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (154 customer reviews)

Best Sellers Rank: #192,735 in Books (See Top 100 in Books) #67 in [Books > Religion & Spirituality > Islam > Quran](#) #2839 in [Books > Christian Books & Bibles > Bible Study & Reference > Bible Study](#) #53680 in [Books > Reference](#)

## Customer Reviews

Abdullah Yusuf Ali's translation of the Qur'an is without question the most accessible translation of this book from Arabic to English. That is to say, this is only a translation of the words of the Qur'an themselves. There is no analysis of the historical context of each sura (chapter) or anything like that. I am informed that this is probably a good thing, as Ali's interpretation is at odds with mainstream Muslim thought. It is difficult to review a translation of a book deemed scripture by a large section of the world's population without reviewing the faith itself, and as a result these remarks will be necessarily brief. However, speaking as a student of Islamic Studies - not as a convert to Islam, which I am not - I can say with a high degree of certainty that the claims that this text "endorses terrorism" or "explains why there are no Muslim theologians the equal of St Francis of Assisi" are untrue. In the first instance, anyone believing this to be the case would be well served to read works on Islam itself. In the second instance, much the same comment can be made, with the added fact that it is important to remember that Islamic theology evolved in a very different way to Christian or Jewish theology, and to apply one's own biases to another faith is an exercise in extreme futility. A

number of Qur'an translations here at have reviews pointing out that the only way to appreciate the text here is in its entirety, and this is quite true. Simply picking and choosing certain texts - often the ones known in the West as the "Sword Verses" - will result in a very biased view of this book. The world's Muslims believe this book to be true in its entirety, and it is in that respect that we who are not Muslim must view it.
