# The Biggest Secret: The Book That Will Change The World (Updated Second Edition)

## Synopsis

David Icke's most powerful and explosive book so far. Every man, woman and child on the planet is affected by the stunning information that Icke exposes. He reveals in documented detail, how the same interconnecting bloodlines have controlled the planet for thousands of years. How they created all the major religions and suppressed the spiritual and esoteric knowledge that will set humanity free from its mental and emotional prisons.

## Book Information

Publisher: David Icke Books; 2nd Updated ed. edition (January 1, 1999)

Language: English

ISBN-10: 0952614766

ISBN-13: 978-0952614760

Product Dimensions: 6.7 x 1.1 x 9.3 inches

Shipping Weight: 2 pounds (View shipping rates and policies)

Average Customer Review: 3.7 out of 5 stars [See all reviews](#) (296 customer reviews)

Best Sellers Rank: #54,811 in Books (See Top 100 in Books) #47 in [Books > Religion & Spirituality > Occult & Paranormal > Unexplained Mysteries](#) #61 in [Books > Religion & Spirituality > Occult & Paranormal > Ancient & Controversial Knowledge](#) #92 in [Books > Politics & Social Sciences > Politics & Government > International & World Politics > Security](#)

## Customer Reviews

David Icke with his horrid mullet haircut and his less than appealing fashion sense has long been a figure of fun in the UK. A couple of days ago I was browsing at my local bookshop when a middle aged couple asked a girl at the counter where they could find this very book. She and her colleagues burst out laughing before directing the blushing pair to the 'new age/occult' section of the store (Icke certainly does not belong to either of these fields). The couple fingered a copy of The Biggest Secret obviously embarrassed. They soon left without making a purchase and with their tails between their legs. I had wanted to assure them that it was a worthy read but I stalled for fear of being ridiculed as well, and they had gone before I mustered the courage. This is significant because believing in what you feel to be right and not being deterred by fear of public ridicule is in many ways at the core of what Icke is saying. This is why a NOT impressively endowed Icke pictures himself butt-naked on the cover of 'I am me, I am free'. He is demonstrating that he has liberated himself from the derogatory value judgements of society and the media. They mock him

and he happily supplies them with more fuel to continue doing so. For this alone he deserves respect! We all want to be free of the pressure to conform, don't we? Icke doesn't profess to be someone special. He wants us all to be exposed to the truth, whatever that might be, and to make informed choices about our lives. Each of us can then choose our own individual path. Not some collective path that everyone must follow or suffer the wrath of the majority. I have heard accusations of anti-semitism levelled at Icke. Well if 'The Biggest Secret' is anything to go by that notion is bollocks (as we say in England).

When I first read this book, I thought it was a hoax. Later, I realized that it was seriously meant. Since the book is completely insane, I find it hard to say anything objective about it. Yet, I will give it my best shot. The author, David Icke, is British and used to be a sports commentator on British TV, commenting both soccer and snooker. Then, he became a spokesperson for the Green Party. Even later, he experienced a spiritual awakening or divine revelation, turning him into a New Age guru of sorts. He began writing books containing various conspiracy theories, including "The Truth Shall Set You Free" and "The Robots Rebellion". Jewish organizations have accused Icke of anti-Semitism. Anarchists and Trotskyists see him as a fascist, and have busted up his meetings. In Sweden, anarchists abstained from protesting a meeting by Icke only because they regarded him as crazy. A Swedish anti-Semitic group, the Hylozoiks, translated at least one of Icke's books to Swedish. This group believes that Jews are controlled by evil aliens based at Pluto. In this book, "The Biggest Secret", Icke implicitly distances himself from anti-Semitism by calling the evil force at work in the universe "Aryans". However, he still supports the Christian Patriot movement in the US. While the militias are not necessarily fascist, they are nevertheless a very problematic milieu. Icke might not be "far right", but his ideas can still be used in such contexts. Still, the Hylozoiks took a clue and stopped fronting for Icke. What are the main ideas of "The Biggest Secret"? Essentially these: In secret, Earth is ruled by multi-dimensional shape-shifting space aliens, whom Icke dubs "Aryan reptilians".
