Economical - I didn't see anything in the listing that indicated it had religious material though. See the photos below. It also ends at 2030 which I believe is in the listing, but after thinking about it I wish it went on to 2100. Hopeful we will live longer than 2030! It would be neat to continue taking notes to record history throughout our lives.

Nice quality book, I like that there are lines and a blank area for pictures or drawings on each page. I use this for homeschooling my children.

Great book we are using with our Simply Charlotte Mason curriculum.

This timeline book does not have a timeline running through the pages. It's visually confusing.
