Adios, America: The Left's Plan To Turn Our Country Into A Third World Hellhole

Synopsis

A New York Times Bestseller! Ann Coulter is back, more fearless than ever. In *Adios, America* she touches the third rail in American politics, attacking the immigration issue head-on and flying in the face of La Raza, the Democrats, a media determined to cover up immigrants' crimes, churches that get paid by the government for their "charity," and greedy Republican businessmen and campaign consultants—all of whom are profiting handsomely from mass immigration that's tearing the country apart. Applying her trademark biting humor to the disaster that is U.S. immigration policy, Coulter proves that immigration is the most important issue facing America today.

Book Information

Paperback: 400 pages

Publisher: Regnery Publishing; Reprint edition (August 22, 2016)

Language: English

ISBN-10: 162157606X

ISBN-13: 978-1621576068

Product Dimensions: 5.4 x 0.9 x 8.2 inches

Customer Reviews

Ann Coulter is a polemicist who is widely hated by Progressives of all parties (yes, there are plenty of Republican and Libertarian Progressives — as strange as that sounds) for the simple reason that she is both effective and very very funny. Because she won't pull her punches as all polite "conservatives" are consulted to do, Progressives work frantically to get her disqualified from your consideration before you listen to or read a word she says. There will almost certainly be a flood of dismissive "reviews" that will generically declare the facts, evidence, arguments, and history she provides as "lies" without actually citing even one and demonstrating how and why it is false. For Progressives, that Coulter challenges their agenda, their spin of history, and their cherished fables is enough to try to have her burned at the op-ed stake. But Ms Coulter has handled all this for so long and so skillfully that it is all less than water off a duck's back. This book will be

a monster best seller and more than a few Progressives will try to attack her and fail to muster anything more coherent than "Well, I don't like what you are saying!" Don't let such cheap brain lint cheat you from this fun and informative read. This book exposes the efforts by Progressives to dismantle America's culture through a drastic change in who lives within America's increasingly vague and porous borders and how they live once they are here. She explains and demonstrates the massive changes brought about by the Immigration and Nationality Act of 1965 which was sponsored by Democrats Philip Hart of Michigan, Emanuel Celler of New York, and widely promoted and expanded over the decades by Ted Kennedy of Massachusetts.

Certainly, Ann Coulter is not a person I would call after having a bad day at work; however, when it comes to straight-talk, she is the queen of tough love. The U.S. is the only nation in the world that has permitted an overt foreign invasion -- to the point where the invaders, here unlawfully, openly make demands of those of us who actually pay federal taxes while marching defiantly in the streets. Illegal immigration is great for Mexico and Central America. After all, American taxpayers fund the education and health care for their citizens, which means the corrupt oligarchs of these Mexico and Latin American can line their pockets at our expense. In essence, U.S. taxpayers are underwriting Mexico's safety valve -- the political antithesis of legendary historian Frederick Jackson Turner's "Frontier Thesis." Coulter's book addresses all of these issues, including the enormous cost of bilingual education that each and every state's taxpayers are forced to underwrite. And just who benefits from this unregulated, unpatriotic, and unlawful invasion of America: the Democrat Party, a cabal that has been soundly rejected in Presidential elections by white taxpayers since the early 1950s; and teachers' unions, always on the lookout for more bodies and more teachers to pay dues. The Democrat Party is the biggest winner in this gigantic immigration scam. Not only do the Democrats seize a portion of taxpayers' wages to provide a bountiful number of government benefits to immigrants to buy votes, they also receive campaign contributions from the teachers' unions who receive the added educators associated with bilingual education.
