# CliffsComplete Romeo And Juliet

## Synopsis

In the CliffsComplete guides, the novel's complete text and a glossary appear side-by-side with coordinating numbered lines to help you understand unusual words and phrasing. You'll also find all the commentary and resources of a standard CliffsNotes for Literature. CliffsComplete Romeo & Juliet offers insight and information into a work that's rich both dramatically and thematically. Every generation since Shakespeare's time has been able to identify with some romantic or thematic aspect of the play. Discover what happens to these famous, star-crossed lovers and what causes the family feud between the Montagues and Capulets — and save valuable studying time — all at once. Enhance your reading of Romeo & Juliet with these additional features: A summary and insightful commentary for each act Bibliography and historical background on the author, William Shakespeare A look at Early Modern English intellect, religion, politics, and society Coverage of Shakespeare's source and the play's performance history A character map that graphically illustrates the relationships among the characters Review questions, a quiz, discussion guide, and activity ideas A Resource Center full of books, articles, films, and Web sites Streamline your literature study with all-in-one help from CliffsComplete guides!

## Customer Reviews

I've been teaching Romeo and Juliet to ninth graders for eight years, and this is by far the best edition I've used to teach. The commentary is helpful, and pointed out important topics for

discussion. There is plenty of room to write notes in the margin -- in fact, I've got two copies, both with notes, so that I have an emergency backup! One of the most useful things I found in this edition is the character map in the beginning of the book, which I've modified into a handout that I give my students to help keep all the characters straight! I can't wait until Cliffs Complete has released versions of all of Shakespeare's plays!

I have to say that the information given in this book was definitely helpful. I liked how they summarized the following scene at the beginning of the scene and had commentary on the scene at the end. The commentary is definitely helpful, although it could be a little bit more in depth in places. It is particularly helpful how they define terms in the margins that may be unfamiliar to readers. Most of the information in the introduction/bio of Shakespeare/etc. wasn't new to me and it seems pretty similar to the introduction in their other books, but it is still helpful for review and to readers who are unfamiliar with this information. Definitely recommended. Excellent study tool.

With all the Common Core hooplah, came a serious push in my district for Close Reading Strategies. The Cliffs Complete is great for that, because it has wide margins kids can annotate. Also, the background info and commentary are incredibly helpful for kiddos struggling with Shakespearean English. Overall, it's an excellent resource.

I work as a high school English teacher and I love the Cliffs Complete texts. I purchased Romeo and Juliet last year because it was my first time teaching the play and I wasn't too informed. There is a very valuable summary and analysis section after each scene which I found invaluable. Instead of having to peruse pages of literary criticisms and reviews, I just read this to get an understanding of the text. I imagine that college students (whether taking an intro course or advanced level lit class) will also benefit from using this text as supplemental to primary texts and sources.

I love the notes in this book. It was a great help compared to other books with English translation. This was more precise and brief. Would recommend to anyone studying it for school. The condition of the used book I bought was good.

Needed it for a class, was exactly what I expected: a love affair between 14-year-olds that lasted 3 days and killed 6 people

Just what daughter needed for school. About all I can say, but I have to fill up all of the words for a review.

Good and very detailed on the story.
