# The Atlas Of Middle-Earth (Revised Edition)

## Synopsis

Karen Wynn Fonstad's *THE ATLAS OF MIDDLE-EARTH* is an essential volume that will enchant all Tolkien fans. Here is the definitive guide to the geography of Middle-earth, from its founding in the Elder Days through the Third Age, including the journeys of Bilbo, Frodo, and the Fellowship of the Ring. Authentic and updated -- nearly one third of the maps are new, and the text is fully revised -- the atlas illuminates the enchanted world created in *THE SILMARILLION*, *THE HOBBIT*, and *THE LORD OF THE RINGS*. Hundreds of two-color maps and diagrams survey the journeys of the principal characters day by day -- including all the battles and key locations of the First, Second, and Third Ages. Plans and descriptions of castles, buildings, and distinctive landforms are given, along with thematic maps describing the climate, vegetation, languages, and population distribution of Middle-earth throughout its history. An extensive appendix and an index help readers correlate the maps with Tolkien's novels.

## Book Information

Paperback: 224 pages

Publisher: Houghton Mifflin; Revised ed. edition (April 10, 1991)

Language: English

ISBN-10: 0618126996

ISBN-13: 978-0618126996

Product Dimensions: 8 x 0.6 x 11 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (226 customer reviews)

Best Sellers Rank: #31,416 in Books (See Top 100 in Books) #11 in [Books > Literature & Fiction > History & Criticism > Genres & Styles > Science Fiction & Fantasy](#) #11 in [Books > Science Fiction & Fantasy > Science Fiction > History & Criticism](#) #22 in [Books > Literature & Fiction > History & Criticism > Reference](#)

## Customer Reviews

A few previous reviewers have attempted to sully this product with claims of inaccuracy; one in particular (Mr. Martinez) has stayed on this item's main page for years and is considered helpful by 85% of responders. He rants in two separate reviews and with multiple paragraphs that Fonstad didn't do her homework and that this is overall a "bad" piece of work. Despite these claims staying largely unsubstantiated even after Mr. Martinez's second review (he names a few of these errors in both reviews, but claims there are too many errors to tabulate), many other reviewers have

referenced Mr. Martinez's review as if it is authoritative; that, along with the fact that many hundreds of others have clicked the little button that says Mr. Martinez's comments have been helpful to them (indicating perhaps that they have not purchased this book thanks to Mr. Martinez) is what urges me to write this review. Since I am not a cartographer nor a Tolkien expert I cannot comment on the veracity of Mr. Martinez's claims; his overall picture, however, is so negative that once I had this item (the only one like it on the market currently) I spent some time comparing the book to the Lord of the Rings itself, and used it as a guide on my first complete read-through of The Hobbit since I was a child. I have walked away totally satisfied by Fonstad's book, with only a few minor criticisms. As a Tolkien fan who is working his way through a casual Tolkien survey, I can say that Mr. Martinez's vitriolic critique is totally wrong-headed.
