She was America's most famous female female artist --- whatâ <sup>™</sup>s left to know about Georgia Oâ <sup>™</sup>Keeffe?The good news: â œGeorgiaâ • is a uniquely American chronicle â " told by Oâ <sup>™</sup>Keeffe â " that starts with the importance of a good story and a killer bod. Does that sound uncannily like the techniques used to make careers for women a century later? Yes, and to degree that may shock purists, this is a book about Branding and Marketing, the first two commandments of success in the art world and our world. A book about you, perhaps, if youâ <sup>™</sup>re female and have a man in your life who wants the best for you and knows how you can get it. And, in the end, a book about a talent so fierce it crushed pretty much everything in its path â " a rare story of artistic triumph.You know the outlines. In 1915, when Oâ <sup>™</sup>Keeffe was a 27-year-old art teacher in Texas, she sent some charcoal drawings to a friend in New York. The friend showed them to Stieglitz, who flipped for them and showed them in his gallery. His letters and that show lured Oâ <sup>™</sup>Keeffe to New York.From the beginning, Oâ <sup>™</sup>Keeffe had an exalted agenda: â œWhen someone looks at something I have painted, I want them to feel what moved me to paint it in the first place. I paint as I feel it. Light, sky, air. As I want it to be felt.â • But Oâ <sup>™</sup>Keeffe wasnâ <sup>™</sup>t just heralded for her drawings. She was also a model â " a nude model â " for her photographer lover. Which she liked. A lot: â œlâ ™ve begun to crave the way his eyes rake over me, so I am only a body. No inhibition, no thought. Pure sensation. There is a strange freedom in that, and it begins to fuel my art.â •These photographs were, for all Stieglitzâ ™s artistic cred, close to exploitation â " the â œmale gazeâ • at work. When critics wrote about these nudes, they mostly saw smut.

A special thank you to Random House and NetGalley for an ARC in exchange for an honest review.Inspired by the life of the extraordinary iconic American artist, Georgia Oâ ™Keeffe, the "Mother of American modernism", and her love relationship with, photographer Alfred Stieglitz; beautifully drawn, Dawn Tripp evokes emotion, complexity, passion, and creativity with her stunning delivery of GEORGIA.Not only an exploration of Oâ ™Keeffeâ ™s life, art, politics, and influence; however, more importantly, an example of the many tough challenges faced by women of the era. The 1920s marked a period of new freedom for women in America's modernizing urban culture. Set in a world of change, at the end of WWI to the Roaring '20s and then the Great Depression, scrutinized both personally and professionally-- Readers will be swept away; from erotic, bold, intense, romantic, control, and sacrifice. Powerful and evocative!"I found I could say things with color and shapes that I couldn't say any other way - things I had no words for." -Georgia O'KeeffeCapturing the awareness, spirit and raw desires of two extraordinary artists-- Tripp creates imagining dialogue, and scenes between the two, as well as their circle of friends, family, and acquaintancesâ "to create a mesmerizing blending; an infusion of fact and fictionâ "strong human dynamics of love and desires.Georgia Oâ ™Keeffe is one of the most significant and intriguing artists of the twentieth century, known internationally for her boldly innovative art. Her distinct flowers, dramatic cityscapes, glowing landscapes, and images of bones against the stark desert sky are iconic and original contributions to American Modernism.
