How I wish this book had existed when I was a teenager. It would have saved me a rap sheet of frustrated lovers and broken relationships as long as a porn star's pork sword with a pommel on the end. Men, if you're really serious about being a good lover, go out and buy this book. It will be the best fiver you ever spent. In fact, I'm thinking of buying my girlfriend the author's companion volume, *The Ultimate Guide to Fellatio*, next Christmas. Not that she needs it, you understand. I've posted a more detailed review, too long to put here, on my blog.

I love how serious Violet takes the subject matter. It would have been easy to write this as a perfect gag gift. Instead what you get is a respectable and informative guide to something that most could

learn about. The only thing I could have done without are the short stories. They seemed in my opinion out of place. As a married man I saw this book as an investment in my marriage. My wife hasn't complained once that I bought it!

Extremely insightful and accurate. With all the dogma going around about vaginas and everything between a woman's legs, this is a breath of fresh air. Accurate information, diagrams, and stories giving you the TRUTH about what goes on down there, and why it shouldn't be scary but enticing and sexy. I love Violet Blue!

I considered myself well versed, but now realize I was just an amateur enthusiast. Can't wait to put some of the things I learned into play. The writing was approachable with plenty of specifics without seeming overly scientific. I'll definitely pass it along to my girlfriend as well...

I mistakenly ordered this book (seriously!!) so when it arrived, I was perplexed. I almost returned it because, well, because I didn't mean to order it. Then I browsed through it and it seems to be informative. Very wordy, but accurate, so I decided to keep it, as I am single now, I just might need to give it to someone in my future! LOL

I just started reading this, and I have to say it is very educational and so far a pleasure to read. I am already sure I will gain some knowledge and tricks that will improve my abilities and skills with the act of love making. As it is also helping me to understand things, that I never really understood as well as clears up some misconceptions that I had on this subject.

This was an easy read that broke the topic down really well. I feel like that made it easier to apply

Great detail and how to's. From beginner to advanced it's all here. We have found great new territory using these techniques.
