## Customer Reviews

This book requires the cd that does not come with the book! For a 200pg book to cost \$38.00 you would think it would come with the required material!

poor quality of the CD box, return twice, got the 3rd one with excellent box because the package is updated with more protection!

the re-used book is dirty , many writings in the book which can not be erased. it does not worth \$13. I don't like it.

I don't think this book is useful at all. The content is a little silly and don't have good practices on that

So much notes and mark on the book

Very good book, and I like it
